ANNOUNCED FOR
MAY DAY PARADE

Alpha Xi Delta and Triangle
Are Chosen For Most
Unique Floats

SUKY PLEDGES ELEVEN
AT GINGHAM DANCE

Drilly Club Wins Brass Cup
For Booby Prize; Dance
Climaxes Day

Alpha Xi Delta sorority and Triangle fraternity were announced as winners of the awards offered by SuKy for the most unique floats in the annual May Day parade. Announcement of the winners was made at the annual Gingham dance, in the Alumni gymnasium, following the pledging of new members to SuKy, student pep organization.

New members of SuKy, selected from the students who had the highest sales during the football and basketball season are Mary Gunn Webb, Lexington; Helen Rich, Covington; Katherine Calloway, Lexington; Sam Warren, Louisville; Daryl Harvey, Louisville; Dan Ewing, Prospect; Harry Mason, Morganfield; William Eversole, London; J. B. Croft, Crofton; and Claude B. Terrell, Lexington.

For the first time in the history of the University May Day, a booby prize was offered by SuKy in the annual float contest. The brass cup went this year to the Drilly club, organization of campus "good sports."

The Alpha Xi Delta winning float in the sorority division was a representation of a huge white rabbit with big pink ears. Seated on the paws of the bunny was Eloise Carrel, dressed in a child's costume of red checked gingham, short red socks, and a matching hair ribbon.

In the fraternity division, the winning organization prepared a float representing the intense efforts of the hard-worked engineering student during the latter part of the semester. The industrious engineer was Munsey Catron.

The float which claimed the booby prize, was tagged with the sign, "Just married" and was ornamented with the presence of the members of the organization, the Drilly club.

In the parade were numerous odd and humorous floats which attracted considerable attention all along the route of the parade which assembled at the Administration building. The parade went down Limestone to Maxwell, then went on Maxwell to Broadway, from there to Main, and down Main street to Rose, then up Rose street to Euclid and from there to the Alumni gymnasium where the crowning of the queen, Jean Foxworth, was celebrated with appropriate ceremonies conducted under the direction of the physical education department.

U.K. CHAPTER OF PERSHING RIFLES
SELECTS BETSY FRYE AS SPONSOR

Elizabeth Jones Is Chosen Regimental Sponsor for Drill
Meet Here Friday Night; Other
Sponsors Are Named

Betsy Frye, Duluth, Minnesota, sophomore in the College of Arts and Sciences and a member of Delta Delta Delta sorority, was elected the official sponsor of the University Pershing Rifles unit at 5 p. m. yesterday on the drill field. Elizabeth Jones was the candidate receiving the next highest number of votes and will be the regimental sponsor at the drill meet to be held on the night of May 12, under the flood lights of Stoll field.

The remaining four sponsors of the various Pershing Rifles units elected yesterday are: Dorothy Curtis, Kappa Kappa Gamma, Company A, Ohio State university; Anita Murphy, Delta Delta Delta, Company B, University of Indiana; Anna Bain Hillenmeyer, Delta Delta Delta, Company D, University of Illinois; and Lillian Holmes, Alpha Gamma Delta, Company E, Dayton University of Dayton, Ohio.

All members of the local unit of Pershing Rifles were allowed to vote on the 20 candidates present.

The committee appointed by Lieutenant LeSturgeon to record the results of the election was composed of Major Bolto, E. Brewer, C. O. Wallace, and J. H. Mills, commander of the University unit of Pershing Rifles.

The competitive drill of the military organization was held at the University of Illinois last year with the result being a victory for the Kentucky company. Elaborate plans such as the shooting of fireworks, and music by the University band and the American Legion Drum and Bugle corps of the Man O'War post will mark a new type of Pershing Rifles session.

According to Lieutenant LeSturgeon, who is in charge of the ticket sales and program negotiations, 2,000 tickets have been printed. By late yesterday, the sales had passed the 500 mark, and were steadily increasing.

The 20 candidates for selection as sponsors for the drill meet were made eligible by the selling of ten (Continued on Page Four)

Do You
Play
Mountain Music?

"Mountain Melodies" is the title of a typically eastern Kentucky program of radio work at the University, wishes to give a weekly airing starting next September. He is getting his talent together now for such a program. A featured male singer is desired who has or can collect a reasonably large repertoire of mountain songs. In addition, a mountain band will be assembled consisting of violin, jug or string bass, two guitars, and mandolin or banjo.

Any students who would like to qualify on this program next September either in the capacity of soloist or member of the mountain orchestra are requested to see Mr. Sulzer now so that plans may be perfected sufficiently far in advance.

NEW TEACHERS
ARE EMPLOYED

Mrs. Ruth Haines and L. C. Caldwell Will Teach in the
Department of Education
During Summer School

The University has enlisted Mrs. Ruth Haines and L. C. Caldwell as members of the faculty for the summer session in the department of elementary education. In addition to teaching classes, Mrs. Haines will supervise the Industrial Art work in the University Training school.

Mrs. Haines received her A. B. degree from Columbia where she majored in Public School art and Industrial art. Before coming to the University she taught Industrial art in Temple university.

Mr. Caldwell, superintendent of schools in Boyd county, has a master of arts degree from Peabody college and has begun work on his doctor's degree.

A feature of the summer session will be a concert band which will be open to both men and women. This band, under the direction of Elmer G. Sulzer, will practice from four to five every afternoon excepting Saturday and Sunday, and will give concerts in the amphitheater every Thursday night.

Membership in the band will not be limited to experienced musicians but will include those students who are interested in music and willing to work. Instruments and music will be furnished by the music department. Experience in band direction will also be given to those who are interested. One credit will be given for band practice.

Summer school commencement will be held August 19 this year. The holding of a commencement at the end of this session is of great advantage to those who finish during the summer terms as it enables them to enter positions immediately without waiting a year for their degrees.

SERGEANT KINKER REENLISTS

Sgt. E. O. Kinker, instructor in the military department, went to Fort Thomas, Kentucky, Thursday to be discharged in accordance with the army regulations which require all enlisted men to be discharged at the end of three years enlistment.

Sergeant Kinker, who came to the University May 20, 1930, from Fort Hayes, Columbus, Ohio, received his discharge Friday and re-enlisted in the service Saturday. He has completed 17 years of service and will remain at the University until further orders are received.

W.A.A. WILL HOLD
TENNIS TOURNAMENT

First Round Reports Must Be
In Office of Miss Johnson
by Friday,
May 12

DRAWINGS ARE POSTED

The first round of play for the women's tennis tournament must be played off and results reported to the office of Miss Laura K. Johnson, before Friday, May 12, according to a statement by Sarah Whittinghill, who is in charge of arrangements for the tournament.

The entire tournament must be completed in two weeks. Reports of the tournament games must include the date and place of playing as well as the name of the referee. Drawings have been posted on the bulletin board in the Women's gymnasium. Awards to the winners in the doubles division will be a silver loving cup and in the singles an award which has not yet been chosen.

The annual installation of officers of the Women's Athletic council will be conducted at a hike and picnic which will be held at 5:15 p. m., Thursday, May 11, at the Lexington reservoir, according to Clara Margaret Fort, president. Members of W. A. A. will assemble at 5:15 p. m. at Patterson hall.

The annual camp will be held May 20, 21, near Frankfort. Members will leave at 1:30 p. m. Saturday. Those who desire to attend must notify Clara Margaret Fort, before May 18.

Y.M.C.A. Officers
To Be Installed
Tonight at 7:15

Initiation services for the Y. M. C. A. officers for the year 1933-34 will be held tonight at 7:15 o'clock in the "Y" rooms of the Armory.

The new officers are James R. Miner, president; Clarence Moore, vice-president; Henry Spragens, secretary, and Joe S. Reister, treasurer. The retiring officers are John M. Carter, president; James R. Miner, vice-president; Hugh Stewart, secretary, and Robert Trigg, treasurer.

The principal talk of the evening will be given by Rev. W. Alston, the new pastor of the Maxwell street Presbyterian church. He will talk on the purpose of the Y. M. C. A.

John M. Carter, retiring president, will also speak.

A musical program arranged by Julian Cox, chairman of the music committee, and Henry Spragens will be presented.

Members of the newly elected advisory board will be present. Faculty and students are invited to attend.

Geology Society
Takes Field Trip

Appalachian Geology society is holding its annual field trip this week-end. Dr. A. C. McFarlan, Prof. L. C. Robinson, Prof. R. P. Mescham, and all the advanced students in geology left here Wednesday with the party from Miami university and met with the party from Ohio State at Mt. Sterling. Then the group met those from Cincinnati university and all continued to Paintsville where they spent the night. Friday was spent at Pine Mountain, while Saturday found them at Cumberland Gap.

This field trip was conducted for the purpose of visiting Magoffin county oil and gas fields, and the Knox county fields to expose these oil producing strata, outcropping in Pine mountain and Cumberland Gap.

The trip will end Sunday night.

Funkhousers See
Africa En Route
To British Isles

Professor and Wife Will Tour
Europe Before Return-
ing Home

Dean and Mrs. W. D. Funkhouser spent last week collecting and sight seeing in the vicinity of Victoria Falls, the highest natural waterfall in the world. They visited for two days in Elizabethville, the heart of Belgian Congo, and then traveled by rail across central Africa, making brief stops on the way for collecting.

On May 11 they will arrive at Lobito Bay in Portuguese West Africa and will embark there for Europe on the Woerman Line steamer. On the way they will call at Las Palmas in the Canary Islands, historic for its wines and for being the first stop of Columbus' voyage of discovery.

On the latter part of the month they will arrive in Southampton, England. There they will visit the docks; Bar Gate; the old Norman Arch; Town quay and the old fortification; Saluting Battery; Statue of Prince Albert; the church of St. Michael; the Domes Del; Hartley Institution, and the parks and gardens.

Decoration day will find them in London. Doctor Funkhouser will spend six weeks studying Entomology in the famous British Museum while Mrs. Funkhouser will engage in a six week's tour of the British Islands.

From that time until they arrive in Lexington the early part of September, Doctor and Mrs. Funkhouser will make an extensive tour of the Continent.

Freshmen Meet
Transylvania On
Stoll Field Today

With one decisive victory to their credit, Coach Potter's sensational Freshman track squad will meet the combined varsity and freshman track squads of Transylvania at 4 o'clock this afternoon on Stoll field in a dual meet. Tryouts for meet were held Friday afternoon.

Little is known of the strength of the Transylvania aggregation, but with the combined efforts of both varsity and freshman, they should offer much stronger competition than did Millersburg Military Institute, whom the yearlings won from last Saturday by a margin of 84 points.

With little more than a week of actual practice, the yearling squad has developed into one of the best teams that has represented the University in recent years. Several unusually promising speedsters have been uncovered by Coach Potter and with their continued improvement, Coach Shively will no doubt produce another crack varsity team next year.

FIVE RECORDS SMASHED

DuPont Manual Training High school of Louisville won the 14th annual interscholastic track meet on Stoll field Saturday afternoon, scoring 53 3-5 points. Male high, last year's champions, were second with 55 and Henderson took third place with 41 points.

In winning the championship, Manual did not capture a first place, but took practically all the seconds and most of the thirds and fourths.

Five records were shattered during the day. Schutte, Barrett Manual star, set three new marks. He tossed the shot 48 feet, 7 1/2 inches, pole vaulted 12 feet, and captured the 120-yard high hurdle crown by topping the timbers in 15.8 seconds.

Other record breaker was Lacey, Male high, who set a new mark in the high jump of 5 feet, 11 inches and Woodward, Male high, who repeated his triumph of last year in the 100-yard dash setting a new record of 9.9 seconds.

John E. Madden memorial medals were presented to the five place winners in each event. A gold track shoe emblematic of the championship was presented to the coach of Manual's tracksters.

The competing teams scored in the following order: Manual, 53 3-5; Male, 55; Henderson, 41; Covington, 26 3-5; Berea Academy, 15; Middlesboro, 13 1/2; Barbourville, 10; (Continued on Page Four)

WALTMAN'S CLASS
VISITS LARGE FARMS

Prof. C. F. Waltman's class in Pomology (study of production of fruit) took a 200 mile field trip yesterday and visited some of the largest farms in the Blue Grass region. They are Joseph Bray and Son, near Bedford county; Axton fruit farm, Oldham county; Dr. J. B. Jordan's fruit farm, Middle-town, Jefferson county.

Students who made the trip were Richard Allison, John Brennan, James Haynes, James Rosenberg, Robert Scott, and Ozell Atkins.

ANNUAL GARDEN DAY TO BE
OBSERVED AT U.K. ON MAY 19

University Botanical Garden Committee Will Co-operate
With Lexington Garden Club for
Day's Program

ENTRANCE TO THE UNIVERSITY BOTANICAL GARDEN

In corporation with the Lexington Garden club the University Botanical Garden committee will hold its annual Garden Day, Friday, May 19, on the University campus. The annual Garden Day has been arranged this year on the same day as the Lexington Garden club flower show so that Kentucky garden and flower lovers may enjoy both events.

The day's program will include the inspection of the University gardens; a visit to the University library to see the exhibition of books on gardening; an address, "Gardening as a Hobby and as a Fine Art," by Miss Mary Louise Speed, Louisville; and a luncheon at the flower show grounds at Castlewood park.

The program is as follows: at 10

a. m., a meeting at the Art center, on Euclid avenue; a visit to the Botanic gardens; inspection of the library, and Dean Anderson's collections of his rock gardens at 11 a. m. lecture by Miss Speed, who will be introduced by Professor Olney, head of the department of horticulture, after he has given an address on "Our Botanic Garden."

With its wealth of native wild flowers, trees, and shrubs the Botanic garden is unusually pretty and very attractive to the eye of the flower lover.

The committee in charge of the program from the University is composed of: Miss Mary Didlake, Dr. Frank T. McFarland, Dr. W. D. Valleau, N. R. Elliott, Maury J. Crutcher, Dr. H. Garmen, and Mrs. W. T. Lafferty.

YWCA WILL HOLD
SERVICE TODAY

Officers for the Coming Year
Will Be Installed Tonight
at 7:15 o'clock at Maxwell
Place

The Young Women's Christian Association of the University will hold the annual candle lighting ceremonies and installation of the officers for the coming year Tuesday, at 7:15 p. m., on the lawn of Maxwell place. These officers will make up the personnel of the 1933-34 senior cabinet, and will welcome all members of the Y. W. C. A. at the ceremonial.

The active freshman cabinet will sing "Father of Lights" as the processional, with "Send Out Thy Light" as the recessional. Music will be furnished by the Girls' Glee club of the University, including "Lift Thine Eyes" and "Day Is Dying in the West," and background music will be played during the ceremonies by a Phi Beta representative.

Katherine Jones, retiring president, and Sarah Whittinghill, incoming president, will make short talks.

Following the installation services the advisory board of the Y. W. C. A. will entertain the guests and light refreshments will be served. Members of the advisory board serving this year include Mrs. E. A. Bureau, chairman, Mrs. Mrs. Frank L. McVey, Miss Sarah G. Blanding, Mrs. P. K. Holmes, Mrs. Hume Bedford, Mrs. P. P. Boyd, Miss Margaret King, Miss Marie Barkley, Mrs. George Smith, Miss Esther Cole, and Mrs. Robert Lunde.

Following the installation services, the new and old senior cabinets also will hold a joint meeting in the Y. W. C. A. office in the Women's building.

Members of the cabinet to be installed tonight are Sarah Whittinghill, president; Mary C. Terrell, vice-president and fellowship chairman; Clara Margaret Fort, treasurer; Virginia Hatcher, finance chairman; Mary Heizer, sponsor for Freshman cabinet; Rebecca Dudley, social service; Nellie Taylor, program chairman; Judith Chadwick, publicity chairman; Dorothy Carrel, poster publicity chairman; Sue Ann Irvine, "Y" Store chairman; Alice Lang, social chairman; Betty Ann Pennington, hobby chairman; Elizabeth Hardin, music chairman; and Hazel Nollau, W. S. G. A. ex-officio member.

DR. J. W. MARTIN HAS
EDITORIAL PUBLISHED

In the May issue of the Comp-troller, magazine published by the Municipal Finance Officers association of United States and Canada, appears an editorial "Reforming Local Taxation," written by Dr. J. W. Martin, of the University College of Commerce. The article states some of the evils of the present municipal taxation system and suggests several improvements.

U. K. TRACKSTERS
LOSE LAST MEET
OF SEASON, 66-51

Parrish Is High Point Man
Again for Cats, Taking
Three Firsts

TWO TRACK RECORDS
ARE BROKEN BY VOLS

Relay Team Fails To Win
After Getting Lead In
Last Event

Although Doug Parrish contributed more than his share of points, his team mates could not give him the necessary support and the Wildcat track team dropped a 66-51 decision to the Tennessee Vols in the final meet of the season, Saturday on Stoll field.

Parrish continued his winning ways by taking firsts in the 100 and 200-yard dashes, both hurdle events and placing second in the pole vault.

Two track records were shattered by the Tennessees as they pushed on to victory over the 'Cats. Pounders, Tennessee, heaved the shot 44 feet five inches to set a new record in that event, with his mate, Franklin, in second position. They reversed the order in the discus throw with Franklin on top.

In the mile run, Stout, covered the distance in 4:33.1 which bettered the former mark, set by Jake O'Bryant in 1931, by an even two seconds. Stout had little difficulty in taking the event.

Tom Cassidy lost to Pugh of Tennessee by inches in the 440, in a race that was so close that many of the fans believed that Cassidy had won.

Wolfe, the ace half-mile of the victory, turned in a sensational performance in his specialty, running the distance in 1:59.2 and easily won over Charlie Gates, the lone Wildcat entry.

Howard Baker, the 'Cat captain, made his usual good showing in capturing the two-mile in 10:26. He held back until midway in the final circuit and then unleashed his sprint which carried him over the line in front.

The summary:
Shot Put—Pounders (T), first; Franklin (T), second. Distance 44 feet, 4 1/2 inches.

Pole Vault—Brown (T), first; Parrish (K), second. Distance 11 feet, six inches.

Discus throw—Franklin (T), first; Pounders, (T), second; Distance 125 feet, one inch.

440-yard run—Push (T), first; Cassidy (K), second. Distance 52.8.

100-yard run—Parrish (K), first; Clark (T), second. Time, :9.9.

120-yard high hurdles—Parrish (K), first; Emmerich (K), second. Time, :15.5.

880-yard run—Wolfe (T), first; Gates (K), second. Time, 1:59.2.

Javelin—Kercheval (K), first; Fuller (T), second. Distance 166 feet, two inches.

High jump—Sherid (T) and McPherson (T), tied for first. Height, five feet, six inches.

220-yard run—Baker (K), first; Woodward (T), second. Time, 10:26.

220-yard low hurdles—Parrish (K), first; Emmerich (K), second. Time, :25.9.

Broad jump—Pounders (T), first; Kercheval (K), second. Distance, 22 feet, one and one-half inches.

Mile Relay—won by Tennessee, (Pugh, Fuller, Dorsey, Wolfe). Time 3:32.

MEMORIAL TO BE
ERECTED IN 1934

Feature Article of Kentucky
Alumnus Announces That
Ex-president Patterson Is
To Be Honored

In the April edition of the Alumnus Doctor McVey has announced that the memorial to James K. Patterson, president of the University for 41 years, would be erected and dedicated on the University campus in 1934. This statement, in which Doctor McVey termed the memorial, "a worthy memorial to a distinguished man," is contained in an article reporting the centennial dinner given by friends of former President Patterson.

Also, as reported in this article, Charles N. Manning, Lexington banker and secretary of the Patterson memorial committee, paid high tribute to Dr. Frank L. McVey, whom he described as a worthy successor, well qualified to carry on the work begun by Doctor Patterson.

Many other interesting articles are contained in this recent issue, one of which announces that Dr. E. Cronley Elliott, chairman of the 1933 class reunions at the University, has mailed out the first letters to members of the classes whose numerals end in "3" and "8" and also to the class of 1931.

DR. WHITE TO SPEAK FRIDAY

Dr. M. M. White, associate professor of psychology at the University of Kentucky, will address the Lexington Chapter, Order of DeMolays, on "Hypnotism," at its regular meeting at 7:30 p. m. Friday at the Masonic temple. All Masons and DeMolays are urged to attend.

"THE GRASS GETS GREENER"

University students have waited impatiently for the final manifestations of spring, and now that the "grass gets greener all the time," they are finding many opportunities to appreciate the several shrines of nature which the campus affords them.

The University campus is an adequate example of the beautiful Blue Grass area for which Kentucky is famous. Many years of patient and careful labor, the activities of the department of buildings and grounds, and of the various colleges has resulted in a campus, the beauty of which rivals that of any other southern university.

The landscaping behind the Art Center, the rock garden of Dicker hall, and the Kentucky Botanical garden are only a few of the scenic spots where students may admire at their leisure the beauties of nature.

It is unfortunate that college students must associate with the coming of spring, the necessity of turning to the intensive perusal of academic studies. Nevertheless, the two can be coordinated. Each can be an inspiration for the other. The student who realizes this will find his last month of the semester a valuable one.

SULLIVAN MEDALLIONS

The occasion of the awarding of the Algernon Sydney Sullivan medallions is always one of great interest. It is one of the highest honors that can come to a student of the University. In 1927 the awards were established by the New York Southern society to be given annually to the man and the woman of the senior class and to a citizen of the state "to stimulate high thought and noble endeavor" and "in recognition of these qualities in the recipients."

We at the University can testify to the fact that all recipients have measured up to the high standards set by the donors of this award. The two selected this year have not been exceptions to this rule. Miss Dyer and Mr. Skinner are both well qualified to receive this very worthwhile honor.

Miss Dyer has been very active in the affairs of the campus. She is a member of W. S. G. A., Y. W. C. A., SuKy, Cwens, president of Phi Upsilon Omicron, and last year won the popularity contest conducted by the Kentuckian. Besides these honors Miss Dyer has won several scholarship cups. In receiving the Sullivan medallion, Miss Dyer has brought to a close a very successful college career.

Mr. Skinner, the other recipient, has been equally outstanding in his work on the campus. He is a member of Omicron Delta Kappa,

Phi Beta Kappa, Cadet Colonel of R. O. T. C., and Scabbard and Blade. Also he has played an important part in the athletic affairs of the University, having won the Gamage football trophy for the past three years.

The Kernel is glad to pay tribute to these two outstanding students and wishes them much success in their future endeavors in life.

CHECK ROOMS

"Get off my foot, you dog!"
"Say, let go of my arm!"
"If you don't mind, I'd rather have my coat in one piece, please!"
"What is this anyway, a football game or a dance?"

The answer is, it is neither. It is merely a brawl in front of the check room which is a common occurrence following the dances in the gymnasium.

It is difficult to say just who is to blame for this situation. In fact it would be incorrect to say that any one is to blame; nevertheless, it is a wrong that should be corrected.

Everyone who has attended the University dances knows that, in order to avoid a possible major injury to body and clothes, it is best to start getting the wraps twenty minutes before the dance is over. Since the dancing really lasts only about two hours, this seems indeed a great waste of time.

Bill Humber, the young man who has been given permission by the Athletic council to run the check room, has done so honestly and to the best of his ability. He simply does not have the facilities for running it more smoothly.

In some manner or other, more space should be provided. Either a check room should be maintained at both ends of the gym, or more space especially provided for checking. It might be possible to construct a place along the inside east wall. More men can not be employed at present, because they would merely run over each other in the small room, and after all the opening to the room is only so large and more wraps can not be passed out at the same time anyway.

As the matter now stands, the dancers must be either a little more patient and courteous, or suffer the consequences.

TO YOU AND TO YOU

In the proffering of congratulations and expressions of commendation to the staff and their associates who were responsible for the turning out of the attractive year-book, the Kentuckian, the fact that The Kernel plant did not receive its rightful share of this praise is obvious. For the past three years, The Kernel plant has assumed the intricate job of completing the annual. To Dave Griffith, the genial press room foreman, and to the members of the mechanical staff, should go the credit of assembling the contents of the Kentuckian, the beautiful color combinations and the set-up of the book.

Many universities and colleges do not enjoy the advantage that Kentucky enjoys, of having a complete and modern newspaper plant. These fortunate schools are forced to have their annuals printed by outside commercial shops. The majority of students are not aware of the fact that it is a distinction to have such an up-to-date printing plant situated on the campus.

The fact remains that sincere congratulations are due the editors, the pressmen, and other persons who made the Kentuckian this year an outstanding example of what a university annual should be.

Jest Among Us

An idea for advertising the popular college rendezvous located on Limestone: "One of our ash trays can be found in every fraternity and sorority house in the Southland."

Dope fiend's song—"You're Getting to Be a Habit with Me."

Headline—Journalism Class Submits Articles. Why doesn't some one write an advanced headline thus: Journalism Class Receives Carload of Rejection Slips?

Found—Roll of five dollar bills. Will the owner please line up in front of the Administration building at noon Saturday.

No dances, cigarettes, highballs or bridge games are allowed at Muskingum college. The president of the college is 32 years old and handsome as an actor.

A man will forgive and forget almost any negligence around the house except letting the salt shaker get empty.

Casual Observations

By FRED H. SHEILS

The annual four-months' Loud-est Radio contest opens with the advent of warmer days and nights. It gives some of us a chance to save our sets and listen to others blare away, but there are some who will use the wide open spaces of closely settled neighborhoods to demonstrate the power and volume of their sets. What a life!

Elderly lady to friend at races: "I've backed a horse that's sure to win, because he starts at 20 to 1 and the race isn't until one o'clock!"

"The best thing for you to do," said the doctor to the man with the frazzled nerves, "is to bury yourself in your work."
"Wah-h-h!" Groaned the man, "And me an undertaker."

Black and White

Have seen that our professional journalists selected some six or seven new men from The Kernel staff in hopes that they will be of assistance in carrying on the traditions of the organization and our own Kampus Kat. Good wishes, boys; dig in and don't weaken. It takes lots of fire and a good disposition to work with humor magazines.

Sig: "Say, is May the kind of a girl who'd encourage a fellow any?"
Exp: "Form your own opinion. The last time I was with her she kept wondering how it would feel to have whiskers on her face."

Congrats, Renee

You write an all inclusive, well-worded, and dryly humorous column. The Observer has heard several kernel readers say that same thing. Keep up the good work and give us another column soon. We like your wit.

Never send a subordinate on a fool's errand; 'tis much better to do your own chores and no other fool can do it as well as you.

QUIS VADIT?

—CRADDOCK

By JOHNNIE CRADDOCK

Who is this man who never studies for an exam, or who never is required to take an exam? Who is it that pays as much to get out of this institution as he does to enter it? Lucifer Crudds is the name—senior by title—unemployed by profession.

Lucifer says that it would have been much better if the professors had pulled the wool over his whole body instead of over his eyes. For he needs a new summer suit. But he doesn't worry about the future for he is an agriculture student. Mr. Crudds is certain to reap a fortune when the world learns that he has discovered a new water-proof buttermilk.

Lucifer's lone advice to the freshman is to take the bit in his mouth and plow through the furrows of despondency. But be careful, freshman, not to take more than one bit in your mouth for the writer got choked on two bits one time and had to take castor oil for two weeks. Who is this mug?

The S. A. E.'s again... (One Sig-alph from Duke told me that those letters simply meant "Sleep and Eat")... Sigalph Artye Martin and Tri-Delt Marjorie Fieber have decided to be "good friends" and she is now wearing the badge of Artye's organization. Another one of their members released his fraternity pin to a co-ed at Asbury College, Wilmore, Kentucky.

Speaking of pins... My ole' pal, Marvin Wachs, planted his Phitav pin on the bosom of Tri-Delt Virginia Young some weeks ago... I had planned not to mention this, but after being accused of "showing partiality to Wachs" I will mention it.

For the first time in five years you MUST have a bid to gain admittance to a fraternity dance... the Kay's dance Saturday night will be guarded by a doorman who will ask you for it, so it might be wise to take it with you.

Piecap "Chip" Chippori has lost pounds of weight staying up studying for those law exams after keeping late hours with Kahpa Mary King Montgomery. I can't report on the pin yet... but rumor says it won't be long.

Alphaxi Edith May pulled a "May West" in The Kernel news room several days ago and smoked a pipe. She says there isn't much difference in a pipe and a cigarette.

Some of those brutal Sigmachis several days ago jumped Brother Walter "Champ" Alves, tossed him out of the Sigmachi lodge while he was minus his drillies... Then the good brothers proceeded to lock all the doors and windows and leave "The Champion" to shiver for some time before he was again "sanitized" and readmitted to the dwelling.

May Day Shorts—Did you notice that the four attendants to the May Queen are also R. O. T. C. sponsors? We wonder if the Kadees would have won a cup for the float if they had added the other 56-100 per cent and made it absolutely pure... Band Sponsor Margaret Walker is a keen little marcher...

Derby Dots and Dashes... Kappa Sigs gone ritzy—party of them had a box for the great race... The box was reserved for only six people, but over a dozen Kappas found a place in it... Colonel Bradley holds a derby record—in the last 12 years he has had four winners.

Statistics 'er sumpin—Alpha Sigs Dick Lawson and Elizabeth Hardin seen leaving Union Station Sunday night—alibis of cab and rain of no avail... Kahpa Kitty Reynolds has acquired a pin... unable to find out what kind as yet... Squatty (Jack) Jean garbed in a towel appeared on Stoll field Friday for a peaceful sun bath... May Day crowd almost crowned... May Queen of May... Well, I will sign off for this time, Dear Public, as I feel the urge for an ice cream cone.

The featured poems this week are prize winning compositions of Mrs. Grace Dean and Helen Frances Jones. "Dogwood Mystery," written by Mrs. Dean, won first prize in the contest sponsored by Chi Delta Phi. Mrs. Dean, a native of Kentucky, is a senior English major in the College of Arts and Sciences. She was a student here in 1915. After teaching a year, she was married and moved from Kentucky. Helen Jones is planning to major in English. Several of her poems have appeared in The Lexington Leader.

The following poem is the composition of Mrs. Dean:

DOGWOOD MYSTERY
The pale dogwood lady has come to her tryst,
Trailing a veil of silver mist.
Motionless she waits beside the river.

I wonder if she is a lost snow maid
Come back to visit her best loved glade,
Seeking the peace that the past can give her.

She might be a virgin-hearted bride,
Fled from her too-ardent lover's side.

To cool her soul in solitude;
Or the quiet wraith of a white-robed nun,
Lingering after her body has gone,
To receive earth's last beautiful.

—MRS. DEAN.

TOKENS OF AUTUMN
The cool, sudden rush of the wind
on my brow,
The slush of wet leaves underfoot,
The medley of colors that twine in the bough,
The drip of the water-soaked roof,
The silver-shirred linings that peep from a cloud,
The drizzle of rain from a tree,
The lingering fall of a leaf, gold endowed,
Are tokens of autumn to me.

And oh, like the leaves that the winter has caught,
Must youth lose the verdure of spring;
But after the glamour that summer has wrought
Comes the color that autumn can bring.

—HELEN FRANCES JONES.

Owing to the little time remaining before the editing of the last Kernel for the year, this column, deviating from the custom of offering a two dollar prize for the best poem submitted during the month, will offer only a dollar prize for May. The prize-winning poem will be selected from the contributions published in the successive issues of this paper. Send your contribution in immediately, type-written on one side of the page. Seein' The Kentucky Derby

Out-of-State Students View Their First Derby and Enjoy It Immensely

By JAY LUCIAN

This is the saga of two freshmen who crashed their first Derby. They had come to this school from a considerable distance and they knew that to really see Kentucky one had to see the Derby. What's more the "folks back home" expected it of them. The day before the Derby they pooled their resources and found that they had only 75 cents each to last the week-end. Undaunted, they set out, inspired by the memory of Andrew Carnegie who landed in New York with only a dollar.

Almost immediately they encountered upon a party headed for Louisville and after some haranguing they received a ride in the rumble seat. Arriving in Louisville on Friday afternoon they repaired to the Brown hotel and established residence in two comfortable lobby chairs. There they watched the celebrities.

This soon became monotonous and with their presence getting conspicuous, they decided to "see the town." Seeing the beauties of a large city is very interesting when done from the enclosed deck of an automobile but very uninteresting when viewed from the eyes of a tired pedestrian. Hunger made its appearance. So they hid themselves to Woolworth's and bought two pounds of cookies. After downing these with several nickel glasses of beer, they felt better. Dusk had fallen.

They returned and stood with the crowd before the entrance to the Brown hotel. From that vantage point they saw Joe E. Brown, the film comedian; "One Eye" Connally; Roosevelt's son, Bradley; "King" Levinsky, and many others. Derby street minstrels came along strumming instruments, dancing and singing. Beautiful and gorgeous women went by. The ladies felt they were seeing life. Then came nightfall and the necessity of finding a place to sleep. Their resources had fallen to 60 cents.

They walked the streets. A cold wind began to blow and a drizzly rain to fall. They decided to try the park. After a three mile walk they came to the park in the center of which rose a ghostly white structure. This proved to be a canopy of stone and hastily gathering two benches they entered it. There they discovered that they would have the dubious honor of staring the place with some six or eight "knights of the road" who already occupied the place.

Carefully tying their watches and chains, they tried to make themselves comfortable. Anyone who has tried that stunt realizes the impossibility of gaining that end. After an hour of desperate endeavor in which the only results were cramped joints and muttered curses, they decided to move again, partly influenced by the restlessness of their companions and the cold night wind. After another three miles of walking they reached the railroad terminal and there went to sleep in the chairs.

At dawn they arose feeling as though they had slept on book-cases. After washing thoroughly, they returned to their hotel (lobby) and waited for dinner time. Saving 20 cents for car fare they bought two pounds of bologna and two loaves of bread. These they ate with fierce abandon after dividing the food into ten sandwiches each. The repeat over, they attempted to catch a street car. This proved unavailing. They set out for the track, five miles away. A tremendous crowd flowed toward the park. On the way one of the lads went into a store and nonchalantly gulped down a quart of milk.

Arriving at the track, they made their way along the high fence until they found the auxiliary entrances. These were controlled by kindly ambitious guards who charged small "upkeep" fees. They started at a quarter a head, but the boys were not to be "taken in." So they went down the line until they reached a place where a "cut-throat" guard had several hundred lined up who were entering at five cents a head. Polite as always

Roamin' the Rialto

Maurice Chevalier, after telling bedtime stories to the world's most beautiful dames in eight Paramount pictures, picks the prize baby of them all to tell "A Bedtime Story" to in his ninth. It's called "A Bedtime Story" and is now playing at the Strand theater. The cast features Helen Twelvetrees, Edward Everett Horton, Adrienne Ames, and Baby Leroy. This one-year-old infant was picked from among thousands of competing youngsters on the Pacific coast. He's so cute that Maurice wanted to adopt him, and could you blame him?

"King Kong."
Who is he? What is he? How were the scenes filmed?

These and a hundred questions are being asked by persons who have seen "King Kong," the amazing and imaginative RKO Radio Picture current at the Ben Ali theater with Fay Wray, Robert Armstrong, Bruce Cabot featured.

Grand dame of the Paramount lot is Allison Skipworth, grand dame of legitimate stage of Broadway, too. For 32 years she has been standing 'em right in the aisles in theaters and movie houses. Her right eye droops a little with the trickiest results as we notice in "A Lady's Profession," with Roland Young and Sari Maritza, coming Thursday at the Strand theater... makes you think it's all in fun and not to take it too seriously, please... and, as a matter of fact, it probably is all in fun as far as she is concerned.

Our better! What do they think and feel?

Constance Bennett knows and tells in W. Somerset Maugham's famous satire brought to the screen by RKO-Radio and opening Thursday at the Ben Ali. Constance Bennett, as London's most popular hostess, says it is silly to marry for love.

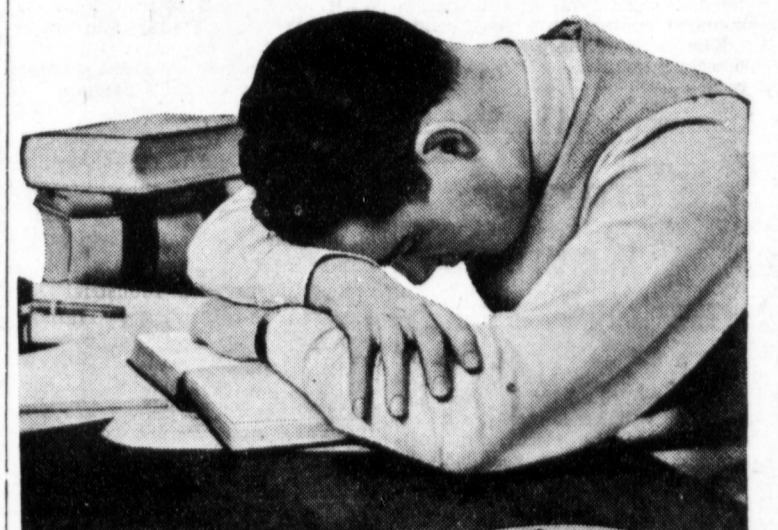

"Think of the people you know who've married for love. After five years do they care for each other any more than people who've married for money?"

"They have the recollection," says a deserted wife.

"Nonsense," snaps back La Bennett. "As if anyone remembered an emotion when he no longer felt it."

"Our Bette's" fairly froths with keen, sparkling dialogue that carries a lot of weight underneath. It is excellently acted by an exceptional cast and lavishly produced.

Get going, Fella! HERE'S HOW

D RAG your feet to the nearest campus lunch bar. Say "Shredded Wheat and half-and-half. Make it a pair."

You'll be treating yourself well. For Shredded Wheat is one food that's VITALLY DIFFERENT.

It brings you all the proteins, carbohydrates, minerals, vitamins that Nature stores in her richest cereal, whole wheat. For it is whole wheat—nothing added, nothing taken away—whole wheat, crisp-baked for easy digestion. All the bran is there, as Nature intended.

Try it with milk or cream and the fresh or canned fruit

Vitally different!

When you see Niagara Falls on the package, you KNOW you have Shredded Wheat.

CANDLE FLAME

The candle of the day is burning low. I fancy for a moment's space A bat's quick swooping wing Might almost snuff it out. Upon my face There is the warm bewildering breath of Spring. And in my ears, The lonely song that crickets sing, Is throbbing ceaselessly. The bat darts blindly on again, And as the day becomes a glimmering light, Along the flower-beds, The rain falls softly, bringing night.

Entertain At Dinner

Messrs. Ralph and Carol Ball entertained with a dinner Thursday night at the Tea Cup Inn, honoring their brother, Mr. Robert Ball, and Mr. Harry Cooper, students at the University of Illinois.

Roses and candles were used as table decorations. The guests included Mrs. Carol Ball, Misses Fern Osborne, Yvonne Sylvester, Nan-ey Alverson, and Margaret Scottow; Messrs. Robert Ball, Harry Cooper, and Neil Williams.

Last Meeting of Mothers

The Mothers' club of Alpha Delta Theta held the last meeting of the year yesterday afternoon at the sorority chapter house on South Limestone.

A business meeting was held, with the president, Mrs. H. C. Robinson, presiding; after which the group enjoyed an afternoon of sewing. Tea was served by Mrs. Anderson Chenault Brown, the house-mother.

Marriage Just Announced

Announcement has just been made of the marriage of Miss Betty Watkins to Mr. Joseph Wheat, February 2, 1933.

The bride and groom are both students at the University. Mr. Wheat is a member of Alpha Xi Delta, and was a sponsor in the military department last year. She is the daughter of Mrs. W. G. Watkins, 463 East Maxwell street.

Dinner for Mothers

The mothers of Pi Kappa Alpha were guests of honor at a dinner Friday evening at the chapter house.

The house was decorated with spring flowers, and the active chapter was assisted in entertaining by the pledges and Mrs. Robert Lee Slade, the fraternity house-mother.

Mr. M. S. Hollingsworth, president of the group, welcomed the mothers, and Mrs. E. C. Elliot responded on behalf of the guests.

The L. K. Frankel award to the outstanding member of the freshman class was presented to Mr. Dan Ewing.

The guests included Capt. and Mrs. Clyde Grady, Mr. and Mrs. L. K. Frankel, Mr. and Mrs. Claude Robinson, Mr. and Mrs. Edward Houlihan, Jr., Prof. A. C. Zembrod, Mrs. David Knox, Mrs. J. H. New Kentuckians Are On Sale At Campus Book Store

The Kentuckians are now on sale at the Campus Book store for \$5.00 and those who have made advance payment of \$1.50 can have theirs by paying the remainder of \$2.50 at the Campus Book store. This pertains only to those whose names are not on the annual.

The business staff of the 1933 Kentuckian are making special ef-forts to place the 1933 Kentuckian in the hands of all those whose picture appears in the senior sec-tion. After checking as carefully as possible the staff finds approx-imately 75 pictures in the senior section that will probably graduate in summer school and would like to have this book.

Through special arrangements with the business office the staff has made it possible for these stu-dents to obtain this book by paying their senior dues to the business office within the next three weeks. After paying your senior dues, which amounts to \$10, the business management will turn a 1933 Ken-tuckian over to the student on acknowledgment receipt from the business office. Before graduating the ten dollars must be paid.

Following is a list of the afore-said students and if any further in-formation is desired, call at Room 55 McVey hall any afternoon after 2 o'clock and see John Ewing or James Frankel:

Robert E. Adams, George G. Ad-kins, Arthur H. Ake, Nora Lee Amis, Cora Mae Amis, Winston B. Ardery, Verna A. Arnold, Ozell A. Atkins, Ben F. Bedford, Hal D. Bencomo, Robert H. Binford, William A. Cal-lis, W. Hershell Cave, David S. Clark, Thomas C. Conrey, James B. Cooper, Johnnie C. Craddock, Frederick J. Creusere, Herbert P. Dunning, George W. Forsythe, Dan E. U. K. Social Club May Be Revived

Plans to revive the University Social club are being formulated by a group of the faculty members headed by Mrs. Frank L. McVey. A dance will be given Saturday night, May 13 in the Patterson hall recreation room by the new Social club as the first social event.

It is planned to organize the Uni-versity Social club on an entirely new basis. During the next acade-mic year four dances are plan-ned, two each semester. A good orchestra will be obtained for these dances and refreshments will be served.

A get-together dance has been planned for May 13 of this semes-ter. A good orchestra has been secured for the dance. Bridge tables will also be provided for those who do not wish to dance.

The recreation room of Patterson hall will be open from 8 until 12 o'clock and there will be music from 9 to 11:45 p. m.

All members of the faculty are expected to be present with their

families or guests. The admission to the dance will be 40 cents.

Sale Named Coach At Kavanaugh High

Forrest "Aggie" Sale, Lawrence-burg, junior in the college of Edu-cation, for three years a member of the Wildcat basketball team, and all-American and all-Southern cen-ter, was named Thursday as coach of the Kavanaugh High school net team.

Sale succeeds Paul McBrayer, also an all-Southern man, while a mem-ber of the Big Blue quintet who resigned to accept another position. McBrayer had a successful season at the Lawrenceburg school the last two seasons but most of his team was lost by graduation and "Aggie" will have to build almost a new five.

Sale, retiring 'Cat captain was recently declared by Coach Adolph Rupp to be the best basketball play-er he ever saw. He is the second Kentucky man to have been named on the mythical all-American five, the other player having been Louis McGinnis in 1931, and the only man ever to have been named two successive times.

Kentucky Derby Is Liked By Students

(Continued from Page Two)

At the end of a race we went down the stairs and condescendingly took "pass out" checks from the clerks who had but a few minutes before refused us entrance. After making many knowing "stage whis-per" tips near the mutuels that Mr. Khayyam was coming in first, they returned confidently and proudly to their reserved section, taking pains that many friends were acquainted of the fact.

They were idly chatting with several high "monkymonks" when the National anthem started to ring. They arose to their feet in a civilian salute, a thrill that they would see now their first Derby. Many about them were voicing the same thought. This fact was slight-ly detracted from by the lamenta-ble fact that many of the crowd voiced their impatience when the "Star-Spangled Banner" had been played three times.

Then came the parade of the jockeys and the crowd of many thousands all arose. Nor did they sit down before the race was over. Up to that time the two boys had thought of the Derby as "another horse race" but now they spelled the special significance of the con-tempt. Their nerves became keyed up and when several minutes later the horses started, they were among the first to scream, "They're off."

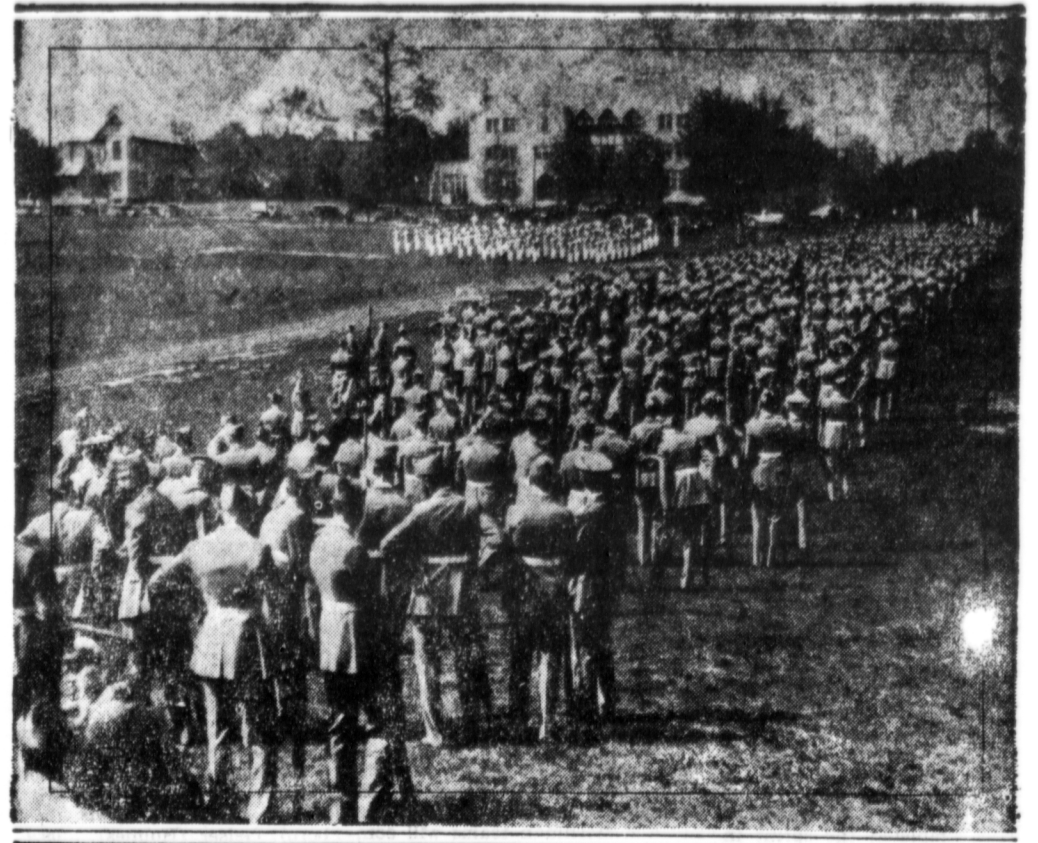

As the race neared the end their excitement increased to a tremen-dous pitch that only broke down and left them amazed at their own feelings when Broker's Tip crossed the line, the winner! They left at the end of the race even though the meet was not yet over, and in their minds remained but one thought—to see the Derby every year, by hook or crook, even though they should have to go through the discomforts of rain, hunger, fatigue and the rest of the irritants of an unsheltered night.

The biggest laugh yet comes from Texas U. where fifty students re-cently signed a petition to the President to hang them on April 4 on the steps of Main building as a sacrifice to a prominent campus co-ed. The paper was circulated by two students who argued the fifty petitioners into signing the docu-ments without first reading it. No official action has been taken be-yond the President's suggestion that the student's hang themselves and save the administration the expense.

Faculty members of the Univers-ity of Arizona agreed to donate one day's salary each month to create a fund for the relief of needy stu-dents.—The Spectrum.

Now there, professors, is a good idea. I'll take mine before the edi-tors can fire me, if you please.

Pershing Rifles Drill Meet

SEEN FROM THE PRESS BOX

By DELMAR ADAMS

Derby Day is over, but it will be weeks before the smoke of contention as to the legal winner clears up. Our selections, which we promised you readers, were cut off when the paper was made up. Of our selections, all finished in the money, but not in exactly in the order that they were selected by this column. Head Play and Brokers Tip are both superhorses, and will be favorites for all the coming classics this season.

Saturday was an eventful day, not only at the Derby, but here at the University as well. Five records fell in the interscholastic track meet, and the Tennessee Vols, while walking away with honors in the varsity meet, excelled records in the mile and shot put.

Stuot, a diminutive boy who wears glasses, stepped the four laps of the mile in 4:33.2, which was more than two seconds better than Jake O'Bryant's mark of 4:35.2, set in 1931. Pounders tossed the shot more than 44 feet to best the University record set by Johnny Mains last spring.

In the high school meet, Schuette Barrett, Manual star, broke the existing records in the shot put, pole vault and high hurdles. His mark of 12 feet in the pole vault will exist for some time, in our belief, as very few college vaulters in these parts can reach 12 feet. A new record also was created in the 100 yard dash by Woodward of Male who completed the sprint in :9.9. Lacey, Male high jumper, reached 5 feet, 11 inches to better "Scaley" Robert's old record by a quarter of an inch.

We thought that strong men were fearless, but from evidence recently uncovered by one of our operatives, one man at least is not as brave as he was believed to have been. A few nights ago, a stalwart football tackle who scales the beams at about 260 pounds, was awakened by the moaning and scratching of an errant tom-cat. He (the football player) being in mortal fear of any of the feline family, arose screaming with a louder outburst than the cat ever could attain and chased the animal away with an old belt. He then returned to his room and his roommate being absent, pleaded to the player in the next room, "Lexie come and sleep with me. I don't want to go back to bed by myself; the Cat might come back and suck my breath." What a man!

Those who think Doug Parrish's mark of :15.3 in the high hurdles is quite good should read up. Louisiana State has three timber toppers that have stepped over the boards in better than 15 seconds and Al Moreau recently went the route in :14.2.

Track has evidently been neglected at the University, a sort of forgotten sport. About once a year the team has a good crowd at its meets and if they lose, the student body invariably remarks, "What's the matter with the Wildcats?" Well, we can tell them this much. If they really cared for the sport they would talk it up, and whenever possible encourage track athletes to come to school at the University. In the west and mid-western colleges, much smaller than the University, they have track teams that could lick the Cats by an overwhelmingly big score, and they do not emphasize the cinder sport either.

Miss Wade Speaks
To Home Ec Club

Committee to Nominate Next Year's Officers Is Appointed

"Personality Clothed," was the subject of a talk given before the Home Economics club last night by Miss Gertrude Wade at the Women's building.

In order to dress well, one must cultivate certain traits, honesty, courtesy, cheerfulness, punctuality, enthusiasm, tact, neatness and cleanliness, according to Miss Wade.

The sum of all these is charm. Miss Wade illustrated her talk by having girls model the correct type of dress for various occasions showing what types exhibited different characteristics. The following girls modeled: Jane Dyer, Rosalie Seale, Elizabeth Anderson, Harriet Wil-

liams, Amelia Ligon, and Hattie Mae Price.

One of the points which was brought out was that clothes must harmonize with surroundings and not flaunt characteristics. A flaming personality is not emphasized by flaming colors.

A business meeting followed the program and a committee was appointed to nominate officers for next year. Plans for a picnic were discussed after which tea was served.

Boyd Wheeler Wins Fellowship Award

Agriculture Student to Spend Four Weeks at Camp and Farms

Boyd Wheeler, Harlan, junior in the College of Agriculture, won the Four Weeks Summer Fellowship award offered by the Danforth Foundation and the Ralston Purina mills of St. Louis, according to Dean Horlacher of the College of Agriculture.

Wheeler has been active in Block and Bridge, national honorary agriculture fraternity, and before he entered the University was a member of the State Champion Dairy Cattle Judging team.

The purposes of the award are, to help the students make decisions in searching for their place in life, to enlarge their horizons, and to broaden their contacts.

The awards covers the four weeks from August 7 through September 3. Two weeks will be spent at the Purina mills and the experimental farms near St. Louis where feed mixtures are tried out and two weeks will be spent at a camp in Michigan where leadership training is given.

Rastus (rushing in the back door): "Mandy, a big 'gator just grabbed one of the chillun down by the bayou!"

Mandy: "By golly, 'I knowed somepin' was gittin' 'em."

INTRAMURAL

With only 16 days left for Intramural competition the spring sports are rapidly drawing to a close. Contestants remember that all third round matches in tennis, horse-shoes, and golf must be played off by 6 p. m. Tuesday.

Charles Brimgardner, Sigma Chi, will be awarded the individual participation trophy this year. Brimgardner participated in all of the 18 sports offered by the Intramural department. This trophy is awarded annually to the male student that participates in the greatest number of Intramural sports. Last year it was awarded to Al Block, Kappa Sigma, who participated in 16 sports.

Due to the continued inclement weather, the spring sports have been running a few days behind schedule; but with a few days of good weather, everything will finish up on time. All postponed diamond ball games that have not been played off by the 15th of May and have no bearing on the championship will not be played.

PROF. SULZER WILL JUDGE

Prof. Elmer Sulzer of the music department will be one of the judges at the state band and orchestra contest of Ohio on May 20, at Delaware, Ohio.

Professor Sulzer was the president of the Kentucky Bandsman's association for 1932 and writes a column in the "Kentucky Bandsman," publication of the organization.

ARLEN SWIMMING COACH

Richard Arlen, featured in Paramount's "College Humor," once coached the swimming team at the St. Paul A. C., and also played on the club's ice hockey team.

The plumber and his bride stood and gazed at torrents of water swirling over Niagara Falls.

"Isn't it grand?" she sighed.

"Well," he muttered absent-mindedly, "it can easily be fixed."

"As long as We're Settling things

SUPPOSE YOU TELL ME WHY YOU SMOKE GRANGER

"WELL, it's like this. Back in the old days, when men wore high hats and frock coats, they had plenty of time to think things out, and they had sense, too. They used to sit down on a log and take the time to whittle their tobacco from a plug, to be sure of having a cool smoke.

"In those days, a man named Wellman, right here in Quincy, Ill., made about the best tobacco you could get. He knew how to keep the flavor fine and mellow.

"Well, sir, the people who make this Granger Rough Cut acquired Mr. Wellman's method, and they must have known how the old boys used to whittle their tobacco to make it smoke cool. Yes, sir, this Granger is the real stuff. The same mellowness and fine flavor that Wellman used to hand out to his friends. And it's whittled into big shaggy flakes all ready for the pipe. 'Rough Cut' they call it—'cut rough to smoke cool' is the best way I can describe it.

TEN CENTS

The Granger pouch keeps the tobacco fresh

"Regardless of price, Granger is about the best pipe tobacco I ever smoked. That's why I smoke it, and that's why they call it America's Pipe Tobacco, sir."

Now we wanted to sell Granger for 10¢. It was just a question of how to do it for the price. So we pack Granger in a sensible foil pouch instead of an expensive package, knowing that a man can't smoke the package. We give smokers this good

GRANGER tobacco in a common-sense pouch for 10¢.

GRANGER has not been on sale very long, but it has grown to be a popular smoke. And there is this much about it—we have yet to know of a man who started to smoke it, who didn't keep on. Folks seem to like it.
